DETAILED ACTION

Claims 11-16, 18, 22-33, 35 and 51-55 are currently pending in the instant application. Applicants have cancelled claim 50 in an amendment filed on October 20, 2008.

I. *Response to Arguments/Remarks*

Applicants' amendment, filed on October 20, 2008, has overcome the rejection of claims 11-16, 18, 22-33, 35 and 50-55 under 35 USC 112, second paragraph as being indefinite and the objection of claims 11-16, 18, 22-33, 35 and 50-55 as containing non-elected subject matter. The above rejection and the objection have been withdrawn.

II. *Rejection(s)*

Claim Rejections - 35 USC § 112, 2nd paragraph

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 11-16, 18, 22-33, 35 and 51-55 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 11, 31, 32 and 51 contain the variables p and q which can be integers independently ranging from 1 to 10 but these variables are not present in the compound formula in the claims or present in the definition of any variables present in the claims. It is unclear what the variables are

referring to in each of the claims and whether Applicants have left subject matter out of the claims.

Claims 16, 18, 22-30 and 51-53 recites the limitation that the R8 is in the position adjacent to the ring carbon substituted with an alkyl moiety containing R15 in the two formulas in claims 16, 22 and 28 which is dependent on claim 11 but in claim 11, R8 is not adjacent to the ring carbon substituted alkyl moiety containing R15. There is insufficient antecedent basis for this limitation in the claim.
